West Virginia
Homeland Security State Administrative Agency

4-Day Free Training for Automated Critical Asset Management System (ACAMS) Course
December 5-8, 2011
8:00AM - 5:00PM
West Virginia State Police Academy-Dunbar, WV

The 32hour ACAMS course is a pre-requisite to the ACAMS Train the Trainer course

The Train the Trainer course will ONLY be offered once in FY12. For information regarding the ACAMS (TtT) course, contact Capt. Stonestreet @ 304-766-5875

Course Description:

The Automated Critical Asset Management System (ACAMS) is a Web-enabled information services portal that helps state and local governments build critical infrastructure/key resource (CIKR) protection programs in their jurisdictions.

ACAMS provides a set of tools and resources that help law enforcement, public safety and emergency response personnel:
-Collect and use CIKR asset data
-Assess CIKR asset vulnerabilities
-Develop all-hazards incident response and recovery plans
-Build public-private partnerships.

Using ACAMS also provides state and local jurisdictions with a practical way to implement the National Infrastructure Protection Plan (NIPP), including the NIPP Risk Management Framework.

Prerequisites:

Participants must complete the Protected Critical Information (PCII) training via the https://pciims.dhs.gov prior to attending the course

Once prerequisites are complete, please submit course completion certificates prior to class start date to Christian Fernley via fax# 304-558-6221 or email: gregory.c.fernley@wv.gov. Due to federal requirements, participants will not be allowed to attend if prerequisites are not met prior to class start date.

*Lunches will be provided
